Telephones: LW3058, LW2720 (Nights and Holidays.) Also Camden 27.

HOW BEST TO HAVE YOUR TREES AND PLANTS FORWARDED

Lots weighing, say, 14lbs., are best sent per passenger train, prepaid, but over that weight are better per single package goods (a specially cheap rate applying to goods up to 140 lbs.). Any small parcels are better sent per post, as we can choose small, sturdy plants for this purpose.

STAMPED PARCELS (PREPAID) RATES PER MAIL TRAIN.

As these rates only apply when freights are prepaid, customers are requested to add the amount to their remittances. If not stamped, the freight is 25 per cent. more with a maximum of 1/- excess.

One dozen fruit trees weigh about 12 to 18lbs., according to size of trees.. Fifty trees, packed, weigh about 56lbs.

PARCELS POST.

This means of transit is recommended to customers living long distances from rail communication, and we can select small, sturdy plants or trees, of a size that will conform with the regulations, and enable outback people to keep abreast of the times. The rates are as follow:—

The following Revised Rates of Postage on Parcels came into force on 16th December, 1929:—

SCALE 1—Not exceed. 1 lb., 6d.; every add. lb. to 11 lbs., 3d.

SCALE 2—Not exceed. 1 lb., 9d.; every add. lb. to 11 lbs., 3d.

SCALE 3—Not exceed. 1 lb., 1/-; every add. lb. to 11lbs., 6d.

SCALE 4—Not exceed. 1 lb., 1/3; every add. lb. to 11lbs., 9d.

SCALE 1 applies to Parcels addressed to places within a 30-mile radius of the Office of Posting, irrespective of whether the Office of Address is in the same State as the Office of Posting.

SCALE 2 applies to Parcels addressed to other places in NEW SOUTH WALES.

SCALE 3 applies to parcels (other than those to which Scale 1 applies) addressed to VICTORIA, FEDERAL CAPITAL TERRITORY, QUEENSLAND, LORD HOWE ISLAND, NORFOLK ISLAND.

SCALE 4 applies to Parcels addressed to places in SOUTH AUSTRALIA, NORTH AUSTRALIA, CENTRAL AUSTRALIA, WESTERN AUSTRALIA, TASMANIA, PAPUA.

SINGLE PACKAGE RATES FOR GOODS TRAIN, AS APPLIED TO FRUIT TREES AND PLANTS.

We are now permitted to send all kinds of nursery stocks by goods train, at single packet rates, if such packages do not exceed 140lbs. in weight. This rate is far cheaper than stamped parcel rates, but is not so quick or reliable. Freight is the same if paid on arrival, or prepaid, except unattended platforms, which have to be prepaid. Minimum weight, 14lbs. Following are the charges:—

	Not exceeding 60lbs.	61-98lbs.	99-112lbs.	113-140lbs.
Up to 50	1 4	1 4	1 4	1 4
51 to 100	1 4	1 4	1 9	2 1

The varieties above listed can be relied on for a good general selection for home orchard planting for coast or inland, and if this Catalogue is carefully perused as to dates of ripening, flowering, dates for cross-pollinating, etc., we feel confident the planters will be well satisfied with our selection. Of course, it must be understood the climate and conditions of the Commonwealth are varied, and it is impossible for us in this book to devote pages to each and every district and location, and we ask our friends "when in doubt" to write us, when we will give closer details.

NOVELTY ROSES 1932

Although financial conditions are far from normal, and the exchange renders importations almost prohibitive, we thought it better to again import the cream of the world's novelty roses; so as to give our clients an opportunity of keeping abreast of the times.

All the following are gold medal winners in their country of origin, and are offered to the Australian public for the first time.

AMI QUINARD (H.T.)

This variety has been greatly admired for color, being blackish garnet, shaded scarlet; flowers semi-double, buds very dark, long and pointed. Described as an improved Chateau de Clos Vougeat. Price, 4/- each.

CARDINAL MERCIER (Pernt)

Beautiful salmon pink, tinted orange, flowers very large, beautiful form, growth vigorous. Very striking color certain to become popular. Awarded the highest possible prize in France. Price, 4/- each.

CATHERINE KORDES (H.T.)

Color a striking scarlet, with dark shades of crimson. Buds long and pointed, changing to large blooms; growth very vigorous. Received highest German award for new rose. Price, 4/- each.

E. J. LUDDING (H.T.)

Color coral red, full flowers changing to satin pink, with coral and salmon shades. Flowers full, well-formed and carried on long stems.

We honestly think this is the best importation for some years.

Awarded the two highest possible prizes in 1930 at the Hague and Amsterdam. Price, 4/- each.

HEINRICH WENDLAND (H.T.)

Color is deep yellow on the reverse, and a vivid nasturtium red on inner side of petal. Bud is large and pointed and opens to a perfect large and full bloom.

A great future predicted in Australia. Price, 4/- each.

MAX KRAUSE (H.T.)

Color beautiful reddish orange, changing slightly as bloom ages. Strong erect grower; flowers of immense size and very full. Bud long and pointed, produced on stiff stems.

Received highest award of merit Gotha (Germany), 1930. Price, 4/- each.

SOUVENIR DU DR. ALBERT REVERDIN (H.T.)

Color cochineal carmine, flushed with vermillion, highly perfumed; long buds, vigorous growth, flowers large and full. We predict a great future. Price, 4/- each.

TRIGO (H.T.)

Color bright Indian yellow, darker base, reverse apricot and cerise. Created a furore where shown in Britain, where it carried off nearly all the prizes for a new rose. Flower full and sweetly perfumed, vigorous grower.

Well worthy of trial. Price, 4/- each.
